

Five Minutes from Home, 16th August

We want you to showcase your suburb.

We don't want to see lots of sunrises. Instead, think about what makes your suburb unique.

Some examples

1. Your favourite shop keeper at work
2. Unusual architecture
3. Local parks
4. Rapidly changing streetscapes. For example, all the buildings going up in Dee Why
5. General streetscape

It's up to you to think differently about things you see every day.

This showcase will be critiqued by Susan Buchanan

Two prints, two digital

Example from Mona Vale. This no longer exists because of the construction of the B-Line bus stop.
This is now historical and was only taken last year.
